

Vertical machining center FINETECH SMV-710-H3L

Machine allows drilling, milling and tapping operations.

Type : CNC vertical machining center

Model : SMV-710-H3L

Control system : FANUC 0I-MF

Year of manufacture : New

Table dimension : 760 x 420 mm

stroke X axis : 710 mm

stroke Y axis : 450 mm

stroke Z axis : 460 mm

distance between spindle and table : 150 - 600 mm

Tools number/type : 24 tools

external coolant : 5 bars

coolant through spindle (CTS) : 20 bars

Chip conveyor : Yes

Weight : 4 800 kg

Dimensions : 2180 x 2040 x 2560 mm

In Standard

- Tools kit
- LED work light
- 3-step warning light
- Leveling blocks & blots
- Fully enclosed splash guard
- Rigid Tapping
- Standard Spindle 8000rpm (belt type)
- Spindle coolant nozzle system
- Spindle Air Blast
- Central Lubrication system
- Auto interrupt & power off system
- Portable hand wheel
- Operation manual, Maintenance manual
- CNC Manual
- Test Report in CD format
- Air gun
- Coolant gun
- Guideway cover (X,Y,Z)
- Heat Exchanger for Electrical Cabinet
- Safety door
- Spindle coolant system
- Cutting air blast
- Cutting coolant system
- Spindle oil chiller
- Chip flush coolant system
